Successful Year in Handicrafts

A group of women and young girls have been working quietly but very effectively for the past five months, and the result of their organization has proven exceedingly worth while. The Handicraft Guild was formed as a branch of the Community centre with Mrs. Maggs and Mrs. H. Wilson named as convener.

These women met, organized more definitely, and arranged their various branches of work and since January have been meeting each Thursday evening with some forty enthusiastic members in attendance.

Mrs. Kimmitt, teacher of Home Economics, was elected President and Miss Bertha Love is Secretary-treasurer. Mrs. Maggs supervises the leather work, chiefly glove making, also has charge of rug making. Some thirty-five are wearing their own hand made gloves. Mrs. Harley Wilson demonstrates her unique skill in making dairy pottery and shell jewelry. She has also taught crocheting.

Mrs. Ekes and Mrs. Vay have been valuable assistants in different lines especially in the fine needle work in which each excel.

Mrs. Kimmitt and Mrs. Garrett have shown some the intricacies of dress-making to some thirty ladies.

The meetings are held at Mrs. Kimmitt's rooms.

We cannot commend this worthy project too highly. It is a practical and valuable asset not only to Strathmore, but to many ladies who come in from the surrounding country side.

We congratulate the convener on their marked success.

Mrs. Good, Supervisor of Adult Education in Edmonton, in her visit to Strathmore last week hearing of this Group, called on some of the leaders to get further information to take back to Edmonton.

W.I.D. FIELD DAY

A Field Day and Basket Picnic of residents of the Western Irrigation District will be held on Friday, June 20, at the farm of Mr. Emil Cammner near Tudor in the Rockyford district. This is an opportunity for the residents of the District, both rural and urban, to become better acquainted with one another and with modern farming methods.

Mr. R. J. Milligan, the District Agriculturist, and will include Mr. J. E. Hirdsall, Supervisor of Crop Improvement, Miss C. McIntyre, Instructor of Household Economics at Olds School of Agriculture, Mr. George S. Black, Supervisor of Junior Activities and Youth Training and Mr. Wm. Durro, Fieldman for the Canadian Shorthorn Association. The Board of Trustees of the Western Irrigation District will be present.

The program will be particularly interesting to the young people and is intended to show the advantages of intensive farming. There will be judging contests for the young people. Mr. Cammner has a particularly fine farm, good buildings and high class live stock which are worth seeing.

Water users of the W.I.D. are particularly urged to attend this field day which will take the place this year of the district's annual picnic. Bring your baskets and come early.

MUTATIONS FROM ATOMIC BOMBING

The United States government has sent a research team to Nagasaki, Japan, where strange results have been observed from the growth of ordinary seeds planted in soil affected by the atom bomb. Such seeds have grown into agriculture monstrosities, including deformed pumpkins, two-headed egg plants and two-bulbed onions.

—THE BUDGET

Free Blood Transfusion Service

A FAMILIAR SIGHT: It won't be long before scenes like the above will be re-enacted in the towns and cities of Alberta when the free peacetime Blood Transfusion Service of the Canadian Red Cross Society, now be-

ing organized in Alberta, gets underway early in July. Here Joyce Thompson, Toronto, laboratory technician, takes a sample of blood for typing from a prospective donor.

TOWN COUNCIL HOLDS MEETING

Councillor Patrick was elected chairman of the Council meeting held on Tuesday night, since the mayor and deputy mayor were unable to attend.

By-law No. 250 was read, amending the parking regulations covering Main Street to restrict parking to vehicles of not more than 205 inches overall length. This is intended to cover vehicles with overhanging boxes or other projections, which would not show in wheelbase length. Larger vehicles are permitted to load or unload, but not to park and obstruct the street. This will again be brought up at the next meeting.

An application to dig a basement and erect a home was approved. This is for the Otto Wheeler property on Fifth Street, on which Mr. Wheeler is now engaged.

Suggestion was made that persons owning cows or horses within the limits be required to secure a permit for them. This suggestion was made with the idea of regulating abuses which have occurred. It also will be brought up at the next meeting.

An application to purchase lots in a residential area for the erection of a building for commercial purposes was turned down, and the applicant asked to consider property coming within the commercial zone.

The matter of dry grass and trash piles constituting a fire hazard was mentioned, and it was resolved to ask residents of town to be extremely careful of fire. In the hot summer, fires might well be extremely dangerous to the town as a whole.

The practice of facing refuse on property belonging to other residents was also criticized as unfair and unneighborly, and a suggestion was made that offenders might be written to.

Recent riding of bicycles on sidewalks was responsible for a suggestion, that a bicycle license be instituted, small enough only to cover the cost of license, and that the license be revoked for failure to comply with regulations.

Providential rain

Rain which fell rather generally throughout the area on Wednesday evening was especially welcome in the area, since the land was in many places starting to become somewhat dry, and crops were not getting the rapid start desirable.

While there had been sporadic showers in many local areas prior to Wednesday, few of them had covered much ground, or had amounted to much. Wednesday's shower was rather patchy too, much lighter in certain areas, but it was a soft, gentle rain, most of which soaked into the ground, instead of running off.

Report from the Western Irrigation Company was that their record for Wednesday showed precipitation amounting to .21 inches. A report from the Hussar area was for .46 inches.

Monday School, Bank Holiday

Schools and banks will close all day Monday, June 9, in observance of the King's Birthday holiday.

It is not known whether stores in Strathmore in Strathmore will close or not, however, since few seem to have decided the matter. Restaurants will open at least Sunday hours, as will the drug stores. At press time on Thursday only one store had decided to definitely to remain open.

A store that doesn't advertise needs two clerks: one to carry out the other who faints when a customer comes in.

Chapman Recital Draws Crowd

PICNIC AT ARROWOOD

An open-air Service and picnic, sponsored by the Arrowwood U.F.A. & U.F.W.A. and the United Church will be held near the Arrowwood bridge on Sunday afternoon, June 15. Other U.F.A. organizations are cordially invited, as well as visitors.

In the event of inclement weather conditions that day the Service will be held the Sunday Following June 22. Rev. W. E. Sieber will be the Speaker on that occasion.

This would mean, in effect, that the lake could not be used for the period during which the license was suspended. The matter will be proceeded with at the next meeting.

Discussion of irrigation of garden lots for this year was discussed, and it was decided that the best time, probably, to irrigate would be in July. Due to a great deal of trouble with water bills last season, the Town Man will be instructed to irrigate only where the bill has been paid in advance.

Accounts amounting to \$350.00 were passed.

Stamp Out TB
Have a FREE X-RAY

X-ray Clinic at Hussar

Owing to illness, Rev. D. Flint was not able to be here for the services on May 18, and the Mother's Day program was postponed till last Sunday. Rev. Flint held services here on June the first.

Under the instruction of Miss Hogg, the ladies of the Wintering Hills U.F.A. met on Wednesday, May 28, to make dresses for "Judy"; eight were made. Lunches were brought in boxes and baskets, and auctioned off, by Mrs. E. Lettmer, auctioneer for the occasion, and \$40.00 was made in this way for the Cancer Fund; a cheque for \$50.00 was also donated by one lady, so the total was \$90.00.

The meeting was held at the home of Mrs. C. T. Armstrong, the president. After the ladies finished this work, they were given a lecture on handicraft. These ladies also were contacted by the committee from Hussar to see if they want to have the Mobile Chest X-ray Unit here about the second week of July; many took the registration cards.

On Monday evening, Mr. E. R. Baxter, Organizer of Surveys met with the Hussar Council and the executive of the Hussar Ladies Aid to make plans for the coming of the Mobile Chest X-ray Unit during the second week of July; it will follow immediately after being in Standard, and the west end of this district will take up where the Standard district leaves off, and will extend east to beyond Makepeace, south to the gravel at Cluny and north to the Wayne hill, so a lot of advertising will have to be done to General chairman, E. J. Bell, Mayor of Hussar, secretary, Mrs. M. C. Bell, heads of committees as follows: Village canvasser, Miss Marjorie Burdett, chairman to receive all the cards as they are filled out, Mrs. C. P. English, Hussar, Alberta. Mrs. E. Seeley is chairman of the committee to arrange the appointments, etc. Do remember they want 100% of the population in this district to get in touch with the committee, and fill out and return the application cards as soon as possible.

The memorial Hall was crowded to capacity Thursday last by interested friends and parents of the pupils of Georgia Chapman. It was an evening of much interest, many of the performers giving proof of genuine musical talent. The careful training given by Miss Chapman was very evident.

Rev. Hamilton made a most interesting chairman.

A very special attraction were the selections rendered by Miss Mary Overand, winner of the Stutchberry Cup at the recent Festival in Edmonton.

She charmed everyone with her exquisite voice, which she has under wonderful control.

Miss Chapman is to be congratulated in arranging this special privilege for a Strathmore audience.

Miss Overands solos were Grief in Pine and Down in the Forest, and an encore Into the Night.

Mr. Blaine Chapman surpassed his previous renditions, which were all Festival numbers.

The piano duo by Mr. and Miss Chapman was played in a masterly manner.

Miss Chapman was presented with lovely bouquets of flowers from the parents of Gleichen and Strathmore pupils, little Connie Hutton and Gary Offien, making the presentations. Blaine Chapman also received a very fine pair of gloves from Gleichen friends, and Miss Chapman presented Miss Overand with a beautiful bouquet in appreciation of her delightful contribution to the programme.

God Save the King concluded a very successful recital.

NAMAKA NOTES

Mr. and Mrs. Allan Watts of Winnipeg enjoyed a visit with their aunt Mrs. M. A. Watts last week.

Miss Mary Kramer and Miss Hilda Flinn spent the weekend guests of Mr. and Mrs. Sam Moss and family in Bassano.

Mr. and Mrs. L. R. Aitkens were Sunday dinner guests of Mr. and Mrs. Wm. Jell of Hinton.

Mr. H. E. Johnson returned home from Hospital on Tuesday and is progressing very favorably.

Messrs. Dave Penner and George Thieme returned home last Friday from an interesting trip to B.C.

EDWARD E. GREEN, OLD TIME RESIDENT, PASSES

Word has been received that Edward E. Green, a former resident of the Strathmore and Namaka district, passed away in Seattle some time in April. In 1908 the family came to what was known as the Strathmore Farming Co., where Mr. Green was part owner and manager. In 1923 they sold their holding and returned to the States locating in Seattle, Washington, where Mr. Green was engaged in High School work. He is survived by his wife Retta, a daughter, Mrs. L. Wood, and a son, James, all of Seattle. Mr. Green was highly respected, and made many friends while here, who wish to express their deepest sympathy to Mrs. Green and family.

libe; returns must be in, order to be able to let Mr. Baxter know if he is to come here. Everyone within your household should report for this X-ray at the appointed time.

A wedding of interest to the people of Hussar and district took place in the United Church at Carstairs on Thursday, May 22, when Miss Ethel Harriet Wilkinson became the bride of David Aubrey Bell, eldest son of Mr. and Mrs. R. C. Bell of Carstairs. After the ceremony, a reception was held on the lawn of the home of Mr. and Mrs. R. C. Bell; the day was perfect, sunny and warm for the occasion. The young couple spent their honeymoon in Banff.

Mr. and Mrs. R. C. Bell and family lived north of Hussar for several years before moving to Carstairs.

Lions Sports Day, Strathmore, July 1st, 1947

CARSELAND

Mrs. McLeod has returned to High River after visiting with her daughter and son-in-law, Mr. and Mrs. W. Cole. Mr. Lee Bergquist is visiting with Mr. and Mrs. E. Bergquist after completing his biological course at Vancouver.

Jack Kennan would like to thank all the swell folks responsible for solving his problems during his recent bit of tough luck.

Mr. and Mrs. E. Krueger are attending the Hotel Keeper's Convention in Calgary.

Among those sporting new trucks and cars in the past month include Martin Christensen, Ken Hilliard and Andy Ostrom.

The highlight of the weiner roast at the kitchen this week was a softball game between the married women and the single. The score favored the housewives 14 to 5.

Miss Grace Zelnic is home after completing her business course at Leithbridge with honors.

Mr. and Mrs. S. Kehr and Susan of Vulcan spent the weekend at the home of her parents, Mr. and Mrs. C. E. Cole.

The May meeting of the Carseland Home and School was held Wednesday in the school. Mrs. A. M. Moore, Rev. D. A. Ford, and Mr. McMurray of Strathmore, gave interesting reports on the recent convention held in Oids. Mr. D. S. Brook, the local trustee, spoke briefly on financial trends in education.

A short musical program by the pupils of the junior and intermediate rooms, rounded out a pleasant evening's entertainment.

Mr. and Mrs. R. Lennox, Billy Kathleen and Mickey motored to Medicine Hat last Friday to spend the weekend at the home of Mrs. Lennox's parents, Mr. and Mrs. S. White. Saturday marked the end of a long career of railroad for Mr. White, who retires now after 35 years of service with the C.P.R., first as fireman, then later as engineer. Mrs. White's friends and neighbours all extend best wishes for many years in which to enjoy his well-earned leisure.

CHANCELLOR NOTES

Chancellor won the ball game from Joseph 5-3 on Wednesday.

A miscellaneous shower for Miss Margaret Broadbent was held on Wednesday at the home of Mrs. N. P. Nielsen. Many lovely and useful gifts were received, for which Margaret thanked the ladies very sweetly after which a dainty lunch was served by the hostess.

Mr. and Mrs. Wm. Steel, and Joan and Audrey of Calgary, were dinner guests of Mr. and Mrs. J. M. Wheatley on Thursday.

Mr. and Mrs. W. Sparkling and Mrs. S. Hughes of Calgary, Mrs. Wm. Young and Mrs. Larry Foster of Banff were dinner guests of Mr. and Mrs. H. Chamney on Thursday.

Mr. and Mrs. C. V. Madsen, Mr. and Mrs. J. M. Wheatley, Mrs. H. Chamney and Mrs. N. I. Hansen attended the Grand Chapter Session O. E. S. in Banff this week.

Mr. and Mrs. James and baby son, and Mrs. E. Butt of Oakland California, are visiting Mr. and Mrs. J. M. Wheatley for a month.

Helen Hnatuk returned home this week after spending a week with her sister, Mary, at Calgary.

We are sorry to learn that Mrs. Helmer Welen is sick in Bassano Hospital. We wish her a speedy recovery.

Mrs. Fred Wheatley left on Sunday for Sudbury, having received word that her father was very ill with a heart attack. We wish him a speedy recovery.

About 50 or 60 ladies gathered at the spacious home of Mrs. Rex Gregory on Saturday to honor Mrs. Clifford Sanden at a miscellaneous shower. Two lovely piano solos were played by Miss Lois Schoelling and Miss Betty Angel. Mrs. L. C. Smith was so clever, as to guess the exact number of peas in a jar and of course won the prize. Two other guessing games were won by Mrs. Rogers and the bride. Mrs. Lloyd who acted as a very charming chairman gave a reading, "Superwoman," which everyone enjoyed. The gifts were brought in by three pretty little girls, Marilyn and Barbara Gregory and Dorothy Reiffenstein pushing a gaily decorated buggy with a J.S.V. license on it. Ann Reiffenstein played the wedding music. The little girls were dressed in long white bridal gowns with wide mauve sashes. They recited very cute speeches as they presented the gifts. The many useful and lovely gifts were passed around and admired and Helen thanked everyone in her usual charming manner and invited all to visit her when she gets settled in her new home. Out of town guests were Mrs. T. Thorssen, Mrs. Holgren, Mrs. J. Sanden of Calgary and Mrs. Sanden of Namaka.

The assisting hostesses were Mrs. S. Madsen, Mrs. C. Reiffenstein, Mrs. P. Reinholdt, Mrs. Andreassen, Mrs. H. Reiffenstein and Mrs. Rogers.

Mr. and Mrs. C. H. Jorgensen and Ray, Mr. and Mrs. Alfred Hansen and Mr. and Mrs. H. Pedersen attended the Wedding of Mr. and Mrs. Gordon Pedersen in Calgary on Saturday.

STOBART NEWS

Mrs. Ed Holland entertained the Stobart and district ladies at tea Friday afternoon. Guests were put on, and prizes won by Mrs. Hoff, Mrs. Geo. McLean and Mrs. Foster, after which a delicious lunch was served by the hostess.

Little Rose Jensen was rushed to a Calgary Hospital Saturday and operated on immediately for appendicitis. As the appendix had ruptured, she is in a serious condition and we all wish for her a change for the better soon and a speedy recovery.

Mr. and Mrs. Berge Jensen of Calgary visited relatives in Stobart and district over the weekend.

Mrs. Olga Woods and family spent the weekend with Mrs. Lilja.

Ruth Hoff, May Hoff and Lloyd McLean of Stobart district took part in Miss Chapman's piano recital, at Strathmore last Thursday.

Big business often springs from little classified.

CLUNY

by Mrs. B. R.

Mrs. Walters and Frankie spent last Sunday at Mrs. Goldsmith's.

Mrs. Wheeler spent a few days in Calgary last week.

Mrs. J. Riely was in Calgary a few days attending the W. I. Convention.

Mrs. Haggarty has gone to Montreal, Que. for a month's holiday.

Mr. Earl Clarke was injured when his tractor backed over him. He is in the hospital for observation.

Little Shirley Clarke celebrated her birthday last week when she had a few of her little friends in.

The Primary Room motored to Cal-

gary recently where they all visited the zoo.

Mrs. Cooper has come home for a few days holiday.

Cluny has been very baseball conscious this week with the following games: Monday at Cluny, Bassano Girls, vs. B.V.C. Girls, winners, Bassano; Bassano Boys vs. B.V.C. Boys, winners, Bassano; Wednesday at Cluny, Standard Jr. Hardball vs. B.V.C. Hardball team, winners, B.V.C.

Mrs. Fairbourn spent a few days in Calgary last week.

Mr. and Mrs. Wm. Stewart and family motored to Strathmore last Sunday to spend the day with Mr. and Mrs. Slater.

Mrs. Ben Reinche went to Bassano Saturday and had her tonsils removed. She is feeling much better these days.

HIRTLE'S

Under The Street Lamp

by PAT O'HOLEY

Down in Florida a Negro woman applied for relief during the cold spell of last winter. She reported she had four children.

She didn't remember, perhaps even know, the precise ages, but on being pressed for more exact information she told the investigator:

"I got one lap child, one creeper, one porch child, and one yard young-
"un."

"Bucky" Buckner: "Now, son, tell me why I punished you?"

Young "Bucky": "That does it. First you pound the life outa me, and now you don't know why you did it!"

Six year old David Mott was banished from the house because he persisted in using cuss words. He was sitting disconsolately on the porch when Mrs. Gannon passed by and asked "Is your Mother home?"

"Dammed if I know," answered David, "I don't even live here."

Mrs. Hamilton these days is defining a Baby Sitter as one who accepts Hush Money!

Doctor John: "Did your trip cure you of your insomnia?"

Sven Swanson: "Absolutely."
John: "Well, that must be a relief."

Sven: "It certainly is. Why, I lie awake half the night thinking how I used to suffer from it!"

Bernice Welshimer: "Daddy, I got top marks at school for dictation."
Lee Welshimer: "You get more like your mother every day."

Helen Way: "What's the idea of wearing my raincoat?"

Ruth Way: "You wouldn't want me to get your new dress wet, would you?"

Bill Gronberg: This text-book is full of Communist propaganda—listen to this: "The first white man to set foot on North America was Eric the Red."

Eather Wegener: "Tommy Oldham is our best salesman... that guy could sell anything."

Mary Snook: "That so?"

Esther: "Well, yesterday, a widow came in to try a suit in which to bury her husband, and Tom sold her one with two pairs of pants."

To be able to speak several languages is valuable, opines Benny McKinnon, but the ability to keep one's mouth shut in one language is priceless.

RURAL GLEICHEN

Mrs. Holden of Mannville is visiting her sister Mrs. L. S. Huskayne.

A group of neighborhood friends gathered at the home of Mr. and Mrs. J. A. Renaud Tuesday afternoon to help them celebrate their fortieth wedding anniversary. They presented Mrs. Renaud with a beautiful bouquet of Gladioli. The ladies of the group brought many goodies and a very delicious lunch was served. All departed wishing the guests of honor many more happy anniversaries.

The U.F.W.A. held their regular meeting Thursday afternoon at the home of Mrs. D. Yule. There was a very good attendance, and they answered the rollcall by giving a childhood experience. After the regular business a social hour was enjoyed over the tea cups. Lunch was served by Mrs. G. Chartrand and Mrs. G. Yule Jr. The next meeting will be held at the home of Mr. and Mrs. J. W. Hutchison on June 12, when all men as well as ladies are requested to attend as Mr. and Mrs. C. Armstrong will be there and speak. Mr. and Mrs. Armstrong are the directors of this Consistory and have a very important message to give us.

Friday Mrs. D. Yule and Mrs. N. MacMillan accompanied a group of twenty-four children from the "Cluny" school to a day at St. George's Island, Calgary. The children had a wonderful time.

Walter Nunn is enjoying a visit from his daughters from the States.

Mr. and Mrs. A. F. Wilson and Mr. and Mrs. J. Wilson, Bob and Roulve were Sunday guests of Mr. and Mrs. F. Busmann of Taylor.

F. C. Giddell, A. W., who is stationed at No. 2 C.M.U. Calgary, Alberta, spent Sunday with his parents Mr. and Mrs. N. A. Giddell.

Beverly McManis accompanied her father, Denton Sammons, to Edmonton and Calgary last weekend. Mr. Denton Sammons spent several days last week in Calgary, resting.

There will be Holy Communion in St. Andrew's Church on June 8 at 11 a.m., Daylight Saving Time. Rev. D. A. Ford, B. A. in charge.

LANGDON NOTES

— By G. E. W. —

The Langdon H. and S. celebrated its 1st anniversary in the school on Monday evening, when a very pleasant evening was had. Election of officers took place and resulted in the following slate for next year:

President, Mr. Dick Bittle by acclamation, 1st vice pres. Mrs. F. Taylor, also by acclamation. Sec. Treas. Mrs. A. Watson, Program committee, Miss A. Hall and Mr. J. Vanderburg.

The students of both rooms contributed to make up the program for the evening of songs and piano solos. A vote of thanks to their teachers for their cooperation and work, was expressed by Mr. G. Crilly. A special treat for the evening was lunch consisting of sandwiches, cake and ice cream served by the hostesses, Mrs. Dick Bittle and Mrs. C. Stevens.

Young Billy Crilly had the misfortune to fall down from his pony on Sunday afternoon breaking his arm just about the elbow. He is feeling fine and will be back at school the beginning of the week, after receiving medical attention. Billy was trying his skill at "Fence Jockeying" when the accident occurred.

Mr. and Mrs. Tony Kuchankus are being congratulated on the birth of a son. Friday evening in the Holy Cross hospital.

Murray Sulder, who met with a motorcycle accident in Calgary last week, was well known in Langdon, where he lived with his parents before moving to Shepard. He served in the Air Force, during the war, as did his brother-in-law, Henry J. Schuman, who was fatally injured. Surviving are his wife Betty, one son, Donald, 4 and baby daughter 5 months. Mr. Ed Sulder, of Langdon, is an uncle of Murray.

Sincere sympathy is extended to the family.

Word has been received in Langdon that Mrs. Kenney, who until recently lived East of Langdon on the Yauck place, passed away at Caroline, Alta. Langdon won the first game of ball on Monday evening, beating Daismont 9-3.

Classified ads are many things to and sellers for others. They do use many people. They are buyers for one things for small costs.

Read what a user of "Stanco" Livestock Spray says:

"We feel it a duty to tell you the results we have had from Stanco Livestock Spray. It really knocks out flies instantaneously. It is impossible to describe the relief it gives to animals. When the black fly pest came our cows were in great misery and we possibly would have lost the whole herd had we not immediately used Stanco. There is no doubt that the lives of quite a number of our cows are owed to Stanco Livestock Spray." (NAME ON REQUEST)

Stanco Livestock Spray is sold by your Imperial Oil dealer or agent.

The Memorial Arena

Canvassing for funds for the Arena proposed as a Memorial for this district will commence the middle of this month.

This Memorial seems to us to be something in the line of what our servicemen themselves felt should be a Memorial. It is a continuing, lasting and serviceable memorial—not one which is cold and lacking any semblance of vitality. During the last war, two thirds of the men in the forces expressed their desire for a memorial contributing something to the years ahead, instead of a silent, solid stone monument.

Since it is to commemorate the service and the sacrifice of these men who

fought for the Empire, it seems to us fitting that it should take the form that they might wish. And the most evident form of that nature in Strathmore is for an arena, capable of fostering good sport for young and old, and for women as well as men. Unnumbered hockey players fans will appreciate a covered arena, and it will be of great benefit to the large numbers of players in the Curling Club.

This Memorial should represent all sides of the community, and it is hoped by the canvassers that their appeal will meet with good response from all parties. Everyone had a share in these wars—everyone should have a share in the Memorial.

Ten Commandments for Shooting Safety

In an effort to curb shooting accidents, the Canadian Small Bore Association has issued a Ten Commandments for shooting safety.

Credit is due the Association, we feel, for this step which may help to cut down the number of mishaps occasioned through carelessness or ignorance. Every year the toll is much too high.

Now that they have their "decadence" formulated, we hope they don't rest there. We hope that they distribute them broadcast to people using weapons of this sort. We hope that they enclose a copy in every box of shell sold, tie one on every rifle and shotgun turned out, mail them to members and adherents of the club, make them available to members of Cadet Corps, print them in sporting magazines, post them in gun clubs, and affix them to every hunting license sold.

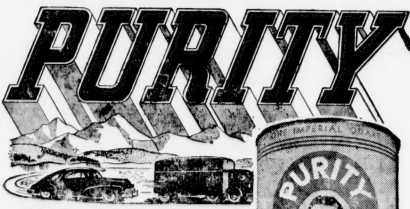

We doubt that this will altogether

eliminate shooting accidents. But if it cuts down any on them, it will be a good effort.

The commandments are as follows:

1. Treat every gun with the respect due a loaded gun.
2. Carry only empty guns, taken down or with action open, into your automobile, camp or home.
3. Be sure the barrel and action are always clear of obstructions.
4. Always carry your gun so you can control the direction of the muzzle even if you stumble.
5. Be sure of your target before you pull the trigger.
6. Never point a gun at anything you do not wish to shoot.
7. Never leave a gun unattended unless you first unload it.
8. Never climb a tree or a fence with a loaded gun.
9. Never shoot at a flat surface or the surface of water.
10. Do not mix gunpowder, alcohol and gasoline.

STANDARD WANT-ADS BRING RESULTS

SUPER REFINED For Smoother Performance

Add extra miles of smooth operation to your motor with PURITY MOTOR OIL. Strathmore's Needs

We were thinking recently about the desirability of having a completely rounded out community in Strathmore. The idea grew out of thinking about the recent acquisition in town of a new and modern laundry plant, and of how it was fitting in.

Number one, we thought, of Strathmore's needs to round out the circle, is a plumber. And tinsmith. Or tin-smith. In years gone by there has always been enough work to keep a tinsmith busy full time, and we think there is at least as much now. And there is a great deal more plumbing to be done, and will be much more when the water and sewer goes through the town.

And secondly we thought of a nursing home. Not that it may not be of first importance, but we just happened to think of it second. There are many cases which do not require hospitalization in the already over-crowded beds in Calgary hospitals, and which would be much better in a local nursing home, close to their friends and families. We're not suggesting something elaborate, but we do think there's lots of use to be found for an eight or ten bed nursing home.

And we heard it said recently that the local garages send enough auto body work to Calgary to employ a man in a shop full time. Body work is a trade of its own and the garages do not handle it. But there's not much doubt but that they would be pleased as world their customers, if they could get straightening out work done locally, and save both time and money, occasioned by the long haul to Calgary and back.

There must be many things Strathmore needs. These three we thought of quickly. Wonder how they could be brought here?

GET THE WILD OATS NOW

W. Lobay, Supervisor of Agricultural Service Boards for the Alberta Department of Agriculture, who has just returned from the north-eastern part of the province, reports that many early seeded wheat fields in that section are polluted with wild oats.

Mr. Lobay suggests that farmers with early sown fields heavily infested with this weed should seriously consider cultivating or plowing up the crop and re-seeding with an early barley variety such as Olli or with oats sown for greenfeed. There is still time for Olli barley to mature and the practice of re-seeding will be worthwhile.

Weather conditions this spring have been ideal for the germination of wild oats but with the arrival of warmer weather germination will slow down. If the above advice is followed, those with grain fields heavily polluted with wild oats can expect an encouraging reduction in the wild oat population.

ARDENODE

— By Mrs. H. S. —

Mr. and Mrs. E. D. James were Calgary visitors one day last week.

Mr. C. O. Dawson spent Monday visiting in Calgary.

Mrs. E. Olson and baby, Larry, were weekend guests at the home of Mr. and Mrs. Oscar Olson of Calgary.

Mrs. Wanda Plath entertained at dinner Sunday, for Mr. and Mrs. D. S. Brook, Joan and David.

Miss Joan Brook returned to the Holy Cross hospital, after spending a month's vacation at her home here.

Mr. W. Sharman, Mr. F. Anstice, Mrs. D. S. Brook, and Mrs. Cliff Dawson took in the Fun Parade, held in Victoria Park, Calgary, Saturday evening.

Mr. Emmett and Donny Wise, spent the weekend in Banff, along with several other school students. They had a very enjoyable time.

Mr. and Mrs. H. Dawson and daughter, Heather, also Mrs. Oscar Orr, all of Calgary were guests at the home of Mr. and Mrs. George Dawson Friday.

The severe frost of a few nights ago, did considerable damage to both crops and gardens. Some places suffered more than others. A good 3 day rain, and lots of sunshine is all we asked for now.

National Grain Company Ltd.

announces another

PATRONAGE DIVIDEND

At the close of operations for the 1943-44 crop year, a reserve was set up by this Company for our farmer-customers of that season. This reserve has now been released for distribution, following a recent decision handed down at Ottawa finally establishing it as a patronage dividend, and cheques are now in the hands of our local Agents.

This Dividend is

FOR THE CROP YEAR 1943-44

Call for
Your
Cheque

If you marketed any grain through this Company during the 1943-1944 crop year, your National Grain Agent now has your patronage dividend cheque waiting for you.

And when you call, ask at the same time for your new permit book.

Discover New Law of Universe

One of the greatest enigmas of modern physics has just been solved by a United Kingdom scientist. Professor Blackett of Manchester has described to the Royal Society researches which provide evidence for a new law of the universe. This law establishes a connection between the theory of electromagnetism and that of general relativity as well as linking electricity and magnetism with gravitation. The absence of any such observed link has long been one of the most baffling puzzles which has exercised the best scientific brains the world over since Einstein first propounded his General Theory of Relativity in 1915. Professor Blackett's theory is that rotating bodies. The program has been arranged by including the Earth, the Sun and the stars—produce magnetic fields by virtue of their spinning motion. This law, which it may well be possible to test by laboratory experiment, thus establishes for the first time a definite relation between gravitation and magnetism. Professor Blackett has reduced this cosmic principle to terms of a simple equation comprehensible by all with scientific and mathematical training. This discovery, the importance of which it is impossible to exaggerate, will start a whole new trend

FARMERS ADVISED MAINTAIN ALFALFA ACREAGE

Winter killing of alfalfa is apparent in irrigated districts of Southern Alberta. A similar condition prevails on many other farms extending as far north as Innisfail.

The loss of the alfalfa crop will mean reduced feed supplies not only to the affected districts but to other parts of the province dependent on those areas. The Field Crops Commissioner, A. M. Wilson, urges new seedlings of alfalfa to replace the acreage lost through winter injury. Adequate seed supplies are available and every effort should be made to maintain fodder crops for the livestock industry. Inquiries with respect to re-seeding and alfalfa seed should be directed to local District Agricultural offices.

of scientific thought and experiment. It has given great impetus to further research on the physics of the earth and the stars as related to the behavior of cosmic rays.

Fifty Million In 100 Years?

Based on the development of similar areas and climates of Europe, Canada could support a population of at least 50 millions with a high standard of living, and up to twice that figure if we are content with standards comparable with those prevailing across the Atlantic. This is the conclusion of Professor Griffith Taylor, Professor of Geography at the University of Toronto, in his latest study on Canada to be published this fall by Methuen & Co. This maximum growth, Taylor believes, could be reached within the next century under favourable conditions, says The Financial Post.

Professor Taylor sees a big increase in population possible in three particular areas, first, between the present settlement and the northern limits of agriculture production, second, along the MacKenzie River basin from the Peace River District north, third, in south central Alberta.

Certain hardy crops and livestock will thrive much farther north than ordinary farming is found today. Taylor maintains and very much farther in the fertile and fairly mild valleys north of the Peace River District.

In south central and western Alberta, Taylor sees a population as dense as anywhere in Canada. The

abundant reserves of coal, gas, power, water and other resources combined with a good climate make this a logical area for future development, he contends.

THE FINANCIAL POST STATES WHY NOT PERMANENT CAR MARKER?

What a good reason there is for a new license plate for a motor car every year has never been revealed, asserts The Financial Post. Being detachable it rattles, falls off and catches clothes and luggage. Renewing it each spring is a nuisance. But these are minor faults. These removable plates make car stealing easy.

A permanent number welded to, or part of the car body, would stop quick and easy changing, besides being much neater and much more convenient for the car owner. There would be no more wasted time in plate distribution. When a new car was sold the number and owner would be responsible for all taxes until he registered a transfer of the vehicle to someone else.

SCOUT PULL IN THE "WASTE"

One of the best efforts made in the recent Scout Paper Salvage Drive from Ontario eastward was that of the 7th St. John's (Stone) Church Troop in Saint John, N. B. Under the direction of Scoutmaster, B. A. Burdon, this small group collected a total of 34,000 pounds of waste paper. The drive was an outstanding success in all five of the provinces participating.

"Don't worry, it isn't a suicide plot. It's just that since BALDWIN's tuned up my car, she prefers it to my pipe."

NEW STAMPEDE PARADE

Opening July 7 with an hour-long parade, revamped to give a dramatic picture of the Old West, the 42nd annual Calgary Stampede is expected to break all prize and attendance records during the 1947 season.

This year commercial floats will be eliminated from the Monday morning Stampede Parade to create a spectacle that is entirely Western. Officials of the annual show said that communities from outside Calgary have been most co-operative in agreeing to sponsor parade exhibits indicative of the past or present life of their community. Residents of rural areas have also assisted in locating old-time vehicles—Red Diver cars, Comestoga wagons, stage coaches, and prairie schooners—for display in the Parade.

Alix Did It—Why Not Us?

The 500 people of Alix, Alberta, men, women and children, have given the rest of the province a fair example of how to get a needed arena for hockey and skating and citizen know-ty. Those towns may like to know how Alix went about getting a 200 by 96 foot building with an ice surface of 180 by 80 feet without a post in the rink to obstruct the view.

Last November 7 the entire town pitched in and with from 30 to 50 men working daily under the direction of three supervisors the building of volunteer labor. The total cost was completed in just seven weeks of around \$10,000 for a building H. A. Mann of Alix, says is worth twice the amount. The money was by public subscription and by borrowing a few thousand. "But we have already started refunding the money," said Mr. Mann.

The arena has dressing rooms, a huge lobby and space for a gym. The building will be finished off in two years with a stucco job and 2,000 seats will be installed in the rink.

Alix, situated 25 miles east of Lacombe, is looking for a place in the Central Alberta league next season. The Alix senior club has won eight of 12 games played this season and the junior team has broken even in meeting all opposition.

—Reprinted from the Calgary Herald

The Community Council is planning to erect a Memorial Arena in Strathmore. This arena would have a full-size hockey rink and four sheets of curling ice. It would also be complete with dressing rooms for players, waiting rooms and coffee counter. Seating capacity for several hundred is contemplated.

To carry this project through, a personal canvass will be made throughout the district to raise funds for materials. Volunteer labour will be used heavily in the construction. Once the building plans are approved, volunteer labour will be called for.

The businessmen of Strathmore as a group feel that this is a worthwhile Memorial to those who served and gave their lives in our Empire's wars. We want to have a part in this Memorial and pledge our assistance to the Community Council in carrying this project to completion. The community of Alix accomplished THEIR object. With the same community enterprise WE can build OUR Memorial.

We The Merchants Urge YOUR Support

STANDARD NOTES

By Mrs. R. G.

We hope everyone will welcome the canvassing committee for the T.B. Clinic, which will be giving free X-rays when it comes the first part of July. The member who calls on you will do his best to fit you in on the day and time which best suits you. Let's do our best to see that we are all X-rayed and help stamp out T.B.

Mr. and Mrs. Frank Hughes announce the birth of a daughter on May 19, Patricia Irene.

Mr. and Mrs. Paul Benson of Calgary visited Mr. and Mrs. Logan Drydale recently.

On Thursday May 29, the Standard Chapter of the O.E.S. held their annual Birthday Party. A lovely banquet was served to over 90 members and guests. The tables were beautifully decorated with bowls of lilies and vases of tulips, mauve crepe paper down the centre of the tables and silver horseshoes over the flowers. The head table was centred with the birthday cake. During the evening

many interesting toasts were given and ably responded to interspersed by beautifully rendered musical selections. Guests were present from Banff, Calgary, Rockyford, Hussar, and Gleichen.

Mrs. J. Brown of Calgary visited her daughter, Miss Elnayne Ingham, and Mr. and Mrs. Ray Green last Thursday and Friday.

Mr. Keith Miller of Edmonton visited his wife and family last weekend.

TO TRAIN MORE SCOUT LEADERS

Across Canada this summer there will be a series of "Gilwell" camps dedicated to the training of leaders for 2nd Cub Packs and Boy Scout Troops. "Gilwell" training is the official series of courses in Scout leadership throughout the world. 1947 marks the 25th anniversary of Gilwell Training in Canada. E. F. Mills, formerly of Winnipeg, is now Executive Commissioner for Training at Dominion Scout Headquarters in Ottawa.

ROCKYFORD NOTES

A few members of the Eastern Star of Rockyford, attended the meeting at Standard, Thursday evening. Numbered among them were Mrs. Sherman and Mrs. Carl Brown, Mrs. Ralph Stone, Mrs. Gibson, Mrs. Wm. McMillan, Mrs. Berga Pedersen, Mrs. Roy Culliffe, Mr. and Mrs. Harry Clemons, Mr. and Mrs. Ray Braug, Mr. and Mrs. Louis Toppel, Mrs. Helmbecker and Mrs. Paul Busmann. All report a very pleasant evening.

Mrs. Vera Butlin spent the weekend at the Busmann home.

Mr. and Mrs. A. Wilson and Mr. and Mrs. McArthur of Gleichen were Sunday dinner guests.

Mr. and Mrs. D. R. Poole of Brooks were Rockyford visitors over the week end.

Mrs. Ruppe entertained at a dinner party on Saturday evening. She had a few friends out from Calgary.

Mr. and Mrs. Francis Stinn were weekend guests of Mr. and Mrs. August Stinn.

Mrs. Frank Bond and daughter spent a few days at the Dahm home. Frank Bond drove out on Saturday.

The Busmann family enjoyed the Shrivert program in Calgary on Saturday night.

Mrs. J. F. Heinbocker spent the weekend at the home of her daughter in Calgary, Mrs. Alex Kinswater.

The ball game between Carseland and Rockyford was called off on Sunday due to rainy weather. However, the rain was certainly welcomed by everyone.

Mr. Sherman Brown and Mrs. Paul Busmann are attending the Eastern Star convention at Banff, Mrs. Brown being the Worthy Matron.

Mr. John Stinn left for Calgary on Saturday to meet Mrs. Stinn who has been visiting at the coast in the interests of her health.

Mr. and Mrs. Jim Barnett visited at the Clemons home on Sunday.

Annual Meeting of the First Church of Christ, Scientist, Boston,

BOSTON, MASS., June 2—Affirming that God rules affairs of man, The Christian Science Board of Directors told the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, that neither fear nor animality can give evil power to boast itself over good.

Supporting this challenge, Mrs. Helen Chaffee Elwell, newly elected President of The Mother Church, urged both pulpit and press to unite in a crusade of righteousness. The hour has struck, she indicated, "for the Church to dare to be a David."

To "the harassed employer and the dissatisfied worker" and to nations generally, the Directors and the President of the Church held out the hope of harmony, not as a miracle, but rather as a simple witnessing to the fact that unity springs naturally from the application of spiritual power.

Not only improved industrial relations and better government, but also the health of the individual can be at-

tained through spiritual understanding the Directors contended.

Continuing in this theme, Mrs. Elwell said: "There are those who see little hope for unity among the nations, who even despair of establishing harmony, peace, or even establishing among the families of the earth. Their world is dark, indeed."

Beyond that, there are many persons who despair of coping with the unleashed material forces of an atomic age, she pointed out. "Such thinkers," the speaker added, "need to learn the imminence of heaven, the omnipotence, omniscience, and omnipresence of the Infinite God, good. . . ."

"How shall they hear without a preacher?" the speaker asked. She answered her own question, thus: "The Church is that preacher, and to the Christian Church has come the opportunity, unparalleled in Christian history, so to present the true concept of God in His relationship to man and the universe, that men will turn naturally to the teachings of Christ."

The Directors' and The Mother Church President's remarks highlighted one of the largest annual meetings in years, with members of the Church in session from various parts of the world. From California, England, Europe, Australia, New Zealand, and South Africa came reports of a growing resurgence in religious activities.

The Christian Science Monitor, the Trustees disclosed, attained new circulation in 1946 and gained an increase of 2,500 new advertisers using its columns for a record aggregate of 22,300 advertisers. The paper also instituted the unique and popular practice of completing all front-page stories on its front page, the Trustees said.

Gordon V. Comer, Clerk of The Mother Church, disclosed a substantial increase in church membership in 1946. This he held due to the fruitage of healing throughout the field of Christian Science activities. These healings, he said, covered a wide variety of diseases, "many of which are considered incurable by schools of medicine."

From this broadening scope of physical healings, Mr. Comer noted that a great many were accomplished by the individual's own reading of the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

His report disclosed that more than 200,000 food parcels were sent to Christian Scientists in 25 hunger-ridden countries during 1946, that food parcels were also transported directly to churches and societies in 11 European countries, and that a gift of 17 tons of books and periodicals was

forwarded to German churches the moment shipping channels were reopened.

FARMING NEWS

Produced by the Alberta Department of Agriculture

RESULTS OF VACCINATION AT AGASSIZ

All heifer calves raised on the Dominion Experimental Farm, Agassiz, B.C., during the past five years have been vaccinated against abortion with strain 19 vaccine supplied by the Dominion Animal Research Institute, Hull, Quebec. The results have been very encouraging, says W. B. Hicks, superintendent at the farm. At present there are only sixteen females in the herd over five years that have not been vaccinated, with five lady calves still too young.

A regular blood test program has been carried out in conjunction with the vaccination. The entire herd was tested six times a year up to and including 1934, but since then four times annually was deemed sufficient. All calves were negative to the blood test previous to vaccination and all were positive afterward, although two had to be treated the second time. All were blood tested monthly afterward until they reacted negatively. No heifer was bred while she was positive, but on the other hand none had to be held over past the past normal breeding age.

The calves were four to eight months of age when vaccinated, with an average of six months. Some became negative four months after treatment, with the average just six months. One heifer went ten months after vaccination before becoming negative, but she was bred when twenty one months old and will freshen at

BERRY VALE W.I.

by Mrs. G. H.

The Berry Vale Womens Institute was held at the home of Mrs. Doug Brook May 25. Roll call was exchange of plant slips and current events. Our Subject was "Womans Place in Agriculture" read by Mrs. Jim Godfrey.

Mrs. George Hilton and Mrs. Don Sarsons are the appointed delegates to attend the Conference in June held at Strathmore.

Next meeting will be held at the home of Mrs. Tom Taylor June 11. Roll call will be Father's Day cards or verses. Members are also to have Scrap Book Pages ready to turn in. A very delicious lunch was served to twelve members and three visitors by hostess and Joan Brook assisted by Mrs. Wise.

Two barbers named Wood and Stone were standing on a street corner. A pretty girl passed by. Wood turned to Stone, Stone turned to Wood. They both turned to rubber, and the girl turned into a beauty shop.

two-and-one-half years.

During the entire five years there has been not been a known abortion in the herd, and with only five exceptions there has been no suspicious or positive reaction to the blood test—vaccinated calves of course excepted. This cow, No. 4416, was positive in December, 1943, and on re-testing gave the same result, so was slaughtered. As this cow stood facing the door where visitors passed by the theory is that outside contact was the cause.

Some vaccinated heifers have been sold from the herd since 1941, but of more than twenty retained, all have calved normally and about an equal number all carry their first calves now. From the results obtained, calfhood vaccination, properly administered and especially in conjunction with the blood test program, has definitely given much assistance in successful herd management.

Mrs. T. B. Harries, Miss Muriel and Mr. Hu Harries were Sunday guests at Mrs. Moore's home.

The Strathmore Cadet Corp was inspected on Thursday afternoon at the school.

Frank Van Tighem has gone to Banff where he will drive for Rocky Mountain Tours for the summer.

During the weekend Mr. and Mrs. Lounsbury gathered the family of about twenty-five at their home. The men of the party, numbering nine, filled in the hours by pouring cement for the foundation for the entire house. Sandwiches and coffee were served in abundance at intervals throughout the day.

Mrs. Lock of Marshall Wells Co. Calgary held two very interesting demonstrations at the Crown Lumber Store, Strathmore, Monday and Tuesday of this week, when she gave practical demonstrations of the New Presto Cooker, and the National Pressure Canner.

A number of interested ladies were present each day and were duly impressed with the benefit of this new method of cooking and canning. Mrs. Lock explained the various points very clearly, and a meal cooked by her was positive proof of what can be done with tough meat. The time saved too is a great factor. The full benefit of vegetables is also preserved by this method.

During last week Mr. and Mrs. Hermanson spent a very enjoyable week in Calgary, but unfortunately, Mr. Hermanson was unable to return immediately for an operation for appendicitis. We wish him speedy recovery.

Mr. and Mrs. H. C. C. Crory had as guests this week, her sister and husband, Mr. and Mrs. Roy Heine and son Francis, also her father, Bert Ellis, all of Washington U.S.A.

A considerable group from the Bow Valley district will attend the Farm Young People's Week courses in Edmonton and Olds, included among those leaving this week-end for Edmonton will be Bruce Hanson, John Scheer, David Drummond, John Risseau, D. I. Dahm, and J. Tracy, and leaving for Olds will be Eric Risseau and W. Tracy.

Mrs. Folk entertained a few friends at a very enjoyable social afternoon Wednesday.

The Crowfoot Good Will Club met at Mrs. Jas. Barnett's home Wednesday.

Gaylon Robinson is making very satisfactory progress now in the Belcher Hospital.

Mr. Chas. Keeling returned home Tuesday and is feeling fairly fit.

Miss Jean Garrett left Tuesday for a two week holiday at the coast.

Mr. George Keeling has for the past month been employed by Deves and Son, Calgary, learning the plumbing trade on the job.

BLOOD CLINICS

CALGARY. — Alberta citizens between the ages of 18 and 65, will be asked to register as voluntary Blood donors when the Alberta Division, Canadian Red Cross Society, inaugurates Donor Enrolment Week June 15 to 21. The Red Cross donor enrolment committee in Strathmore and Bow Valley district, under the chairmanship of Patrick will be responsible for

YOUNG FARMER'S WEEK

The Alberta Department of Agriculture has announced a new Short Course of one week in practical agriculture at the Schools of Agriculture located at Olds and Vermillion. The time set at both Schools is June 16 to 21.

The Course is designed for young men on farms who may either be working at home with their parents or running their own farms. There are no admittance restrictions other than a minimum age limit of seventeen years. Classes will consist of talks, demonstrations and discussions that will be helpful in meeting many of the routine problems of farming. There will be discussions of soil types and tillage methods, crop varieties, weed eradication, the farm live stock programme, modern farm machinery, the farm workshop, and some basic principles of farm management. Inspection trips over the demonstration plots, the farm, orchards and school grounds, will supplement the class work in the evenings there will be social and recreational activities.

The only costs are those for travelling and for living expenses. Comfortable accommodation is provided in the School Dormitory at a flat rate of \$1.50 per day. Application should be made at once since classes will be limited to the first sixty applications received at each school. Application forms and full information can be obtained from District Agriculturalists or from the principal of the Schools of Agriculture at either Olds or Vermillion.

the registration of voluntary donors in this district.

One will be the dieting days, when a prospective donor had to choose between a full meal and giving a donation of blood. Under the new system, which has been developed by Dr. W. Stuart Stewart, National Director of the Red Cross Free Blood Transfusion Service, the giving of blood is a simple half-hour job with no pre-diet and no discomfort. But the results cannot be measured in terms of time or personal convenience, for your blood may save the life of a neighbor.

Residents of Strathmore and Bow Valley district will be asked to register as voluntary donors during the week set aside for this purpose — June 15 to 21. The actual giving of blood will be undertaken at a time to be announced later when the mobile Blood Transfusion Clinic will visit this district. At that time the local Red Cross Branch will provide quarters and certain staff with the mobile unit providing all equipment and medical, nursing and technical staff.

This new humanitarian service, which is already serving the hospitals of British Columbia, will provide blood and plasma, free of any charge whatsoever, to all hospital patients where the local institution has agreed to provide the facilities.

LETTERS TO THE EDITOR

THE EDITOR,
THE STANDARD,
Sir:

I wish through the columns of your paper to congratulate the Strathmore High School students for the way in which they conducted the dance held May 30, in the Memorial Hall.

It was well managed and thoroughly enjoyable affair, and I have heard favourable remarks on all sides by the adults attending it. I appreciated immensely the invitation extended to me.

It is nice to see the young people conducting in such a clean and orderly manner.

An interested parent.

CARD OF THANKS

Brown. — The family of the late W. W. Brown, Glenora, wish to thank their many friends for the expressions of sympathy, and floral offerings received in their recent bereavement, through the loss of their loving father. The thoughtfulness of Dr. Farquharson, Rev. Sieber, George Evans, the Masons and the Eastern Star, and the respect paid to the memory of their father by the management of the Glenora stores in closing during the hours of the funeral, Tuesday, May 20, are all deeply appreciated.
